George & Char-jan EXHIBITION

Georges Mohasseb : Avoca-Avocado Art Sawa

21 Feb 2017 – 16 Mar 2017

Art Sawa presents “**Avoca-Avocado**”, a solo exhibition by the artist and designer **Georges Mohasseb**: born in Beirut (Lebanon) in 1973, where he currently lives, the designer creates his works as the result of an accurate study and experimentation of materials and textures, lending high importance to the sensory power conferred by color, shape, texture and smell to his objets. In “Avoca-Avocado”, Mohasseb’s featured works are inspired in the form of the fruit: the Avocado, indeed, cut in half and showing its seeds set in the resin mass of the objects.

show "Avoca-
Avocado"

Contacts & Details

The **Art Sawa** Project began in 2008 with the purpose to create an Art platform that would provide artists from the region with a space where they could present their work and raise awareness on contemporary art from the Middle East, North Africa and neighbouring countries.

Art Sawa realises its mission through hosting a series of innovative exhibitions, educational programs and publications reflecting current issues and practices. Offering 12,000 sq ft of state-of-the-art space, Art Sawa fosters interaction

between art and the public across a wide range of media.

Filled with a passion for art and the promotion of talent, and despite difficult odds **Amel B. Makkawi**, owner and director, set out to create an Art platform that would provide artists from the region with a space where they could present their work, a space of sufficient size and quality to create its own dynamic. **Art Sawa** embodies all of Amel's aspirations for art in this part of the world; it is the largest addition to Dubai's bustling art scene. It is a distinctive art platform dedicated to the awareness and promotion of contemporary art from the Middle East, North Africa and neighboring countries.

Art Sawa is dedicated to promoting world-class contemporary art to a global and regional audience; the gallery has two branches in Dubai: in Al Quoz and in DIFC.
